

ITU ASIA-PACIFIC CENTRES OF EXCELLENCE

OF THE
4TH STEERING COMMITTEE MEETING

12-13 DECEMBER

Organisation Division, MDES, Thailand chaired the 4th ITU ASP CoE Steering Committee Meeting.

Mr. Jia HUANG, Ministry of Industry and Information Technology (China) delivered the thanking speech on behalf of Ms. ZHAO Yonghong, Chairman of the ITU Asia-Pacific CoE Steering Committee. In his statement, he thanked the steering committee and CoEs for all the support. Mr. Huang highlighted the key achievements of the ITU ASP CoE during the period under China's chairmanship and expressed hope that the program will be

next cycle. A timeline for the review and selection process of the next CoEs was presented. The review will also take into account the outcomes of WTDC-17, in particular the ITU-D contribution of the ITU Strategic Plan and the ITU-D Action Plan, as well as the agreed upon Regional Initiatives.

Finally, Dr. Teltscher informed participants of the 2018 Capacity Building Symposium, which will take place in July 2018 in the Dominican Republic, and invited everyone to participate in the event.

Mr. Ashish NARAYAN, ITU, presented the performance of the ASP CoE Network for 2017 (Annex 2). The ITU ASP CoE Coordinator, in addition to the performance report, also shared the strategic areas of long term focus such as the SDGs, WTDC-17 ITU-D Objectives and Asia-Pacific Regional Initiatives, which the CoEs should keep in mind. The performance report was accepted by the Steering Committee.

The Chairman invited the ITU ASP Centres of Excellence for their presentation. The following presentations were made:

Advanced Level Telecom Training Centre (ALTTC), India: Mr. Sidh KUMAR, DGM introduced the ALTTC structure, history, functions, equipment, partnership and core area of training including Broadband Technology, Information Technology, Mobile Systems, Transmission Technology and Next Generation Network. Mr. Kumar introduced the various workshops and trainings being conducted by ALTTC for national and international organisations, briefed on the training programmes conducted in 2015, 2016 and 2017 proposed the following face-

- Mobile Broadband QoS (23-27 April 2018)

Big Data Analytic and Data Visualization in Digital Age (17-20 September 2018)

The following partners made the presentations

APNIC: Mr. Klee AIKEN, External Relations Manager, APNIC introduced the role of APNIC, areas of focus of APNIC and the capacity building programmes (e.g. IPv6, Network Security). He also detailed the cooperation between ITU, APNIC under the CoE framework in cooperation with MDES (Thailand) and in other activities (e.g. direct country assistance and Pacnog).

NBTC: Ms. Benjawan ANUNTASILPA, Director, NBTC thanked the CoE network

<p>Monitoring and evaluation of performance</p>	<p>process;</p> <p>Assessment criteria for non-performance needs to be clearly specified.</p> <p>The ITU ASP CoE network to consider recognizing outstanding performers and sharing their experiences with other COEs and partners in steering committee meeting. It would also be useful to share challenges that participants experience those who could not perform well.</p> <p>An important aspect of the training is to do an analysis of impact of the training:</p> <ul style="list-style-type: none"> - Include relevance of the training in evaluation; - Check feedback from participants at a later stage (e.g. after 6-9 months); - Also to consider the results of the evaluation forms that are carried out after training; <p>Requests to reconsider</p> <ul style="list-style-type: none"> - Composition of the participants (for example CEOs, HR, graduates, etc.); - Number of experts involved in the 0.48 ABT/F
