

e) that it is necessary for BDT to systematize its numerous capacity-building activities, treating them in a holistic, coordinated, integrated and transparent manner to meet the overall strategic objectives of ITU-D and make the most efficient use of resources;

f) that it is necessary for BDT to consult regularly with members on their capacity-building priorities and to implement activities accordingly;

g) that it is necessary for BDT to report to the Telecommunication Development Advisory Group (TDAG) on the initiatives and activities undertaken and results achieved, in order to allow members to be fully informed of difficulties encountered and progress made, and to guide BDT in its activities in this field,

*taking into account*

a) the success, and demonstrated value in terms of providing practical skills and hands-on learning, of forums such as regional seminars and the World Radiocommunication Seminar (WRS);

b) the large number and diversity of organizations and individuals who participate in and with BDT, whose value as educational resources should be recognized;

c) the capacity-building needs and priorities identified by regions,

*resolves to instruct the Director of the Telecommunication Development Bureau*

1 to maintain the Group on Capacity-Building Initiatives (GCBI) composed of competent capacity-development experts, familiar with the needs of their regions, to enhance the ability of ITU Member States, Sector Members, experienced and expert professionals, and organizations with relevant expertise to assist ITU-D, and to contribute to the successful implementation of its capacity-building activities in an integrated manner in cooperation with all programmes, and with the two study groups, each according to its respective field of competence;

2 that this group shall include two capacity-building experts representing each of the six regions, that participation shall also be open to all interested Member States and Sector Members, and that the group shall work with BDT staff electronically or, where appropriate, face-to-face, in order to:

i) assist in identifying global trends in the domain of information and communication technologies (ICTs) and capacity building;

ii) assist in identifying regional needs and priorities for capacity-building activities, evaluating the progress of related BDT activities, and make proposals to eliminate any overlap in activities and harmonize ongoing initiatives, etc.;

iii) coordinate, as appropriate, with organizations and professionals that have expertise in building capacity in areas of identified need, leveraging their expertise by either directing members to those experts or facilitating their involvement in ITU capacity-building activities;

iv) assist BDT in designing and implementing an integrated framework for ITU Academy activities, to be implemented during the period 2015-2018;

- v) provide advice on the development of formal ICT-curricula design and content for both general ICT literacy and specialized skills;
  - vi) provide advice on accreditation and certification based on regional and/or international standards;
  - vii) provide advice on initiatives, academic alliances and partnerships that further the overall strategic objectives of the ITU Academy, including integration with, *inter alia*, centres of excellence, Internet training centres and ITU regional offices;
  - viii) provide advice on standards for quality assurance and monitoring of courses delivered through the ITU Academy partnerships, including those delivered through the centres of excellence, Internet training centres and/or academic institutions;
  - ix) submit annually a report to be presented and discussed during the TDAG meeting, including achievements and proposed recommendations on future actions that may need to be taken;
  - x) act as regional representatives in the related biennial forums organized by BDT;
- 3 provide the necessary support for the group to carry out its work effectively;
- 4 take due account of any recommendations of the group.
